

Interface Cultures

INTERFACE CULTURE INVITED LECTURE SERIES

FAT

Sabine SEYMOUR

Monday, 20th of May, 2019/ 4 PM

Tokenizing the Body

Biometric data in the age of wearables and data security

What is GDPR? What role plays Blockchain for democratizing data ownership? How can we encrypt biometric data and why do we need encrypted hardware?

Sabine Seymour, PhD

Body Data Sensorist

Founder + CEO SUPA - New York, Lisboa www.supa.ai

**Founder + Chief Creative Research Officer MOONDIAL - New York, Vienna
