

AIRBUS

WITH **DARCY
OLMOS
MANCILLA**

How do we imagine everyday mobility in the air?

December 3, 2018, 16:30

DARCY OLMOS MANCILLA

Director New Business & Business Models for Urban Air Mobility Solutions (Strategy) at Airbus and visiting lecturer/facilitator on several universities worldwide (HEC Paris, International Air Transport Association, Oxford etc.)

Currently leads and implements initiatives to bring the humanity to the third dimension of mobility (air) and investigates "Urban Air Mobility" in diverse areas such as biz development, business modelling, ecosystem building, smart cities, financial innovation, and business development among others.

When

December 3, 2018, 16:30

Location

Center for Future Design
University of Art and Design
Hauptplatz 6
4010 Linz, Austria

Registration required at

+43 (0)732 7898 2214 or
office@c-fd.eu

Following the talk and Q&As we cordially invite you to join for a buffet reception.

Urban Flight

Darcy will provide insights into perspectives of mobility in the third dimension and then be available for questions and answers.

Center for Future design

The Center for Future Design is an internationally cross-linked academic institution for research, education and consulting in the field of shaping the future.

It is the logical continuation of the purely research focused Design-Organization-Media (DOM) Research Lab, which was founded 2003 at the University of Art and Design Linz.
