Please keep in mind that the screenshots in this document are meant to guide you through the application process. However, depending on the study programme(s), the required documents (portfolio, CV, cover letter, etc.) can vary. For various reasons we are not able to list all the possible files and information which might be required to complete an application. Please see the application form for more specific information.

If applicants register for an entrance exam at a university, they need to participate in a statistical survey of the ministry of education. For technical reasons, you need to submit this data in our UFGonline. Please see page 8 for more information.

🛑 Statistics:

According to the Educational Documentation Act (Bildungsdokumentationsgesetz) § 18 paragraph 6 and 7 applicants need to participate in a statistical survey if they register for an entrance exam at a university. Please note that we need to forward the data of the statistical survey **for every study programme separately**. This means, applicants who register for more than one entrance exam, have to submit the statistic survey for each study programme.

Our university is not able to see the statistical data which is sent encrypted to the ministry of education. To guarantee an encrypted data transfer, we are using our campus management system – the UFGonline. Therefore, applicants need a UFGonline account.

- Please fill out the registration form to create a UFGonline account for applicants (you can select "English" in the right corner): **Create UFGonline Account**
- After a few minutes, you will receive an e-mail with an activation link which will allow you to activate your account and set a password (please also check your SPAM folder).
- After activating your account, please click on "Continue" to access your account for the first time. Please click on "Statistical Survey: Entrance Exam" to submit your data.
- On the last page, you can check your data. If these are correct, please click on "Send".
- Afterwards, you will see a confirmation on our system. Please click on "Continue" to get an overview of all the study programmes for which you have submitted your data. In the first column, you can find **the number of your application for your study programme(s)**. Please enter this number in _____ on in the statistical survey. If you want to sign up for multiple entrance exams, please _____ number of the right study programme.

If you have any questions, please contact the _____.at

Statistics: *

[   ]

If you have completed the statistical survey in the UFGonline for this study programme, please enter the application number into this field.

> *Please enter the number of your application from the UFGonline into this field.*

> *You can complete your application until this deadline.*

ℹ *The deadline for submitting your document ends on **4th February at 12:59pm!***

IMPORTANT: *Please make sure to click the button "**confirm submission**" . Unless you do not klick on the button, we cannot see your application!*

> *You can open submitted applications, but you cannot edit them.*

IMPORTANT: after you submit your application, our system sends a confirmation e-mail to your e-mail address. **Please make sure you receive this e-mail** (please also check your SPAM folder). If you do not receive this e-mail within 15 minutes of submitting your application, please contact the student's office at studien.office@kunstuni-linz.at

IMPORTANT: if not stated otherwise in the submission form, one week before the entrance exam, applicants who have submitted a sufficient application will be informed about participating in the entrance exam. **The study programme will send you an e-mail with further information about the exact procedure** (please also check your SPAM folder).

After participating in the entrance exam, the study programme will send you your results by e-mail.
